2016.2 Field Test Kit 2016.2.0.590.0

I am pleased to announce the third 2016.2 field test kit, 2016.2.0.590.0.

In the week since the last field test posting Development has made over a hundred fixes and improvements in Atelier, Enterprise Manager, Ensemble and Caché. Unlike the previous field test kit, though, in which the changes were distributed evenly over multiple areas and products, in this kit over half of the changes are associated just with Atelier.

Please download the kit and give it a try; the latest field test of 2016.2 is available [HERE](#). And, as always, we welcome your feedback.

Steve Glassman, Director of QD
