## Developer Video of the Week: Adding Alchemy to Unstructured Data

Hi Community!

Check the new video of the week on the [InterSystems Developers YouTube Channel](#):

[Adding Alchemy to Unstructured Data](#)

This video is a session from Global Summit 2016 which explains how you can easily combine ISC, third-party and custom text processing tools to get the broadest insights in your unstructured data.

Don't forget to follow our [InterSystems Developers YouTube Channel](#) 

Enjoy!
