Documenta tu aplicación

Con <https://openexchange.intersystems.com/package/IRIS-Publisher> puedes documentar tu IRIS Application y generar el Portal Web con Documentación de la Aplicación (responsive). Mira los resultados:

Página principal:

The screenshot shows the main interface of the IRIS Publisher application. At the top, there is a navigation bar with tabs for 'Publisher', 'Index', 'Overview', 'Classes', and 'About'. On the right side of the navigation bar, there are search and navigation icons: a magnifying glass for 'Search', a left arrow for 'Previous', and a right arrow for 'Next'. The main content area features a large heading 'Welcome to IRIS Publisher' and a sub-heading 'Important files and folders'. Below the sub-heading, there is a list of instructions for setting up the application, including editing files like 'about.md' and 'index.md', and running the 'Generator.cls' script. A sidebar on the left contains links for 'Welcome to IRIS Publisher' and 'Important files and folders'.

Menú "Clases" y página "Clase": La página "clase" con documentación de la clase, la lista de métodos y propiedades.

The screenshot shows the class documentation page for 'Person'. The navigation bar is the same as in the previous screenshot, but the 'Classes' tab is active, and a dropdown menu is open showing 'DocConfig' and 'Person'. The main content area displays the class name 'Person' and its fully qualified name 'dc.Sample.Person'. Below this, there is a section for 'Class Documentation' with the text 'This is the Person class'. The 'Properties' section lists several attributes: 'Company', 'DOB', 'Name', 'Phone', and 'Title'. The 'Methods' section lists a single method: 'AddTestData'. A sidebar on the left contains links for 'Class Name', 'Class Documentation', 'Properties', and 'Methods'.

Navigation and Search bar:

The navigation and search bar is a blue horizontal bar containing three elements: a magnifying glass icon followed by the text 'Search', a left-pointing arrow followed by the text 'Previous', and the text 'Next' followed by a right-pointing arrow.

Cuadro de búsqueda:

Search

From here you can search these documents. Enter your search terms below.

Person

Class Name dc.Sample.Person Class Documentation This is the Person class Properties
Company: Person's company name DOB: Person's date of birth Name: Person full name
Phone: P

Properties

Company: Person's company name DOB: Person's date of birth Name: Person full name
Phone: Person's phone Title: Title for person

Methods

AddTestData: Add person data to test up to the amount parameter
